

# Medicaid Unwinding

Starting in March 2023, HUSKY A, B and D clients will begin being reviewed for eligibility by the Department of Social Services (DSS). If you're a HUSKY Health client, you will be informed about how to stay covered. **(To make sure we can inform you, PLEASE update your contact information. See the "What You Can Do Now" section below.)** That could mean staying on

HUSKY Health if you continue to qualify, or it could mean choosing a new no- or low-cost health coverage option, such as the Covered Connecticut Program or a Qualified Health Plan (QHP) from Access Health CT (AHCT).

## What You Need to Know

### Not everyone will be reviewed for eligibility all at once.

The process will take place over 12 months, and you will receive a letter in the mail when you are being evaluated for eligibility. The letter will arrive 45 days before your coverage is due to end. You should wait until you receive your letter to process your renewal.

### The fastest way to renew for HUSKY Health is online.

- HUSKY A, B and D clients can visit [AccessHealthCT.com](https://AccessHealthCT.com) to update your household information and application. Or you can call AHCT at **1-855-805-4325**. If you are deaf or hearing impaired, you may use the TTY at **1-855-789-2428** or contact AHCT with a relay operator.
- HUSKY C clients can visit [MyDSS.ct.gov](https://MyDSS.ct.gov) to update your household information or application. Paper applications can be requested by contacting DSS at **1-855-626-6632**.

### If you no longer qualify for HUSKY Health, you have other options.

You can shop, compare and enroll in health and dental coverage through AHCT. Most people who enroll through AHCT get some type of financial help or no- or low-cost insurance coverage, including the Covered Connecticut Program. If you choose to get coverage through AHCT, you will have 120 days to enroll in a Qualified Health Plan (QHP) after your coverage ends. Enroll before your Medicaid coverage ends to ensure you don't have a gap in health coverage. Enrollment in the Covered Connecticut Program may be done at any time during the year for those who qualify. Or, if you have an employer-sponsored health insurance program, you may be able to get insurance through your job.

## What You Can Do Now

To make sure you get your letter in the mail, keep your coverage, and avoid a surprise bill at the doctor's office, pharmacy or anywhere you receive healthcare, it is important to act now. Make sure your contact information is up to date. This includes making any updates to the number of people who live in your household and income.

### HUSKY A, B and D members:

- Sign in at [AccessHealthCT.com](https://AccessHealthCT.com)
- Select *Edit My Settings*, then *Update Contact Information* to add or change your mailing address, email address or phone number. You can opt in to receive paperless notifications or text alerts.

### HUSKY C members:

- Visit [MyDSS.ct.gov](https://MyDSS.ct.gov) to update your household information.
